TECHNICAL COMPETENCE

● Languages:
JavaScript, TypeScript, Java, Python
● Web Technologies:
HTML, CSS, Bootstarp, tailwindcss, jQuery, React, WebGL, Three.js
● Framework & Libraries:
React, Node.js, Express.js, Next.js, Django
● Tools & Platforms:
Git, Bitbucket, Scrum, Trello, Rest API, Notion
● IT Security:
OWASP Top 10, Kali Linux and Metasploitable, Bettercap, Burp Suite, Hashcat, Snort, BeEF, pfSense...
● Cloud Services:
Azure (Storage Accounts, App Services, Databases, Functions)
● Design & Other:
AutoCAD, Photoshop, Figma

LANGUAGES

- Chinese – Native
- English - Fluent
- Swedish –Svenska som andraspråk Nationell delkurs 4 (GRNSVAD)
- Spanish – Beginner

SOFT SKILLS

- Strong problem-solving and analytical skills
- Effective communication and teamwork
- Ability to work autonomously in distributed teams

WORK EXPERIENCE

Full-stack Developer – Intern
Molnify, Stockholm, Sweden | Aug 2025 – Present
- Building full-stack features for Molnify's SaaS modeling platform using **JavaScript and Java**.
- Built and documented **REST APIs** for integrating data from Google Sheets, **SQL databases**, and external third-party services.
- Refactored legacy backend modules into more modular **microservice-friendly** components to improve maintainability, scalability, and performance.
- Independently redesigned multiple application pages (app.molnify.com) with **JavaScript**, Bootstrap, **and component-based architecture**, improving UI consistency and UX.
- Wrote unit tests using **Junit 4** and Mockito; improved code reliability and increased test coverage.
- Collaborated closely in a distributed team through **Git, Bitbucket, code reviews**, and iterative development workflows.

Frontend Developer – Intern
HUISEN INFORMATION TECHNOLOGY, China | MAY 2023 – SEP 2023
- Built customer-facing web applications using React and JavaScript based on Figma designs.
- Developed reusable UI components with a strong focus on responsiveness, usability, and visual consistency.

Sales Manager
REALM ENERGY, Stockholm, Sweden | Jan 2022 – Jan 2023
Worked closely with customers and technical teams, strengthening communication skills and user-focused problem solving.

Director of Electronics Group
Sichuan Modern Vocational College,
Chengdu, China | Apr 2010 – Feb 2018
- Led electronics teaching program, designed curricula, and established labs and internship programs.
- Taught circuit analysis, sensors, AutoCAD, simulation tools, and electronic instrumentation.

College Teacher
Sichuan Aerospace Vocational College,
Chengdu, China | Aug 2005 – Jul 2009
- Lectured on electronic measurement, sensor applications, and circuit fundamentals.

EDUCATION

Frontend Developer, Hyper Island, Sweden 2024. 8 – 2026. 3
- Gained practical experience with **JavaScript, TypeScript, React, Node.js, Express.js, MongoDB.**
- Built full-stack web applications, **RESTful APIs**, and responsive UIs using agile workflows.
- Strengthened skills in UI/UX development using **Figma** and component-driven design.
- Coursework includes 3D web development with WebGL and Three.js.

System Developer Python/IT security, Lexicon Education, Sweden 2021. 9 – 2022. 2
- Developed web applications with **Python, Django, HTML, CSS**.
- Studied cloud, cybersecurity fundamentals, Git workflows, and API testing with Postman.

Bachelor of Engineering, Electronic Information Technology
Chengdu University of Technology, China | 2001. 8 – 2005. 6
Bachelor of Administration
University of Science and Technology of China | 2004. 3 – 2005. 7
