

PROFILE

Full-stack engineer specializing in frontend development with two development internships. Builds responsive interfaces, reusable components and API-connected features. Recognised by colleagues and supervisors for learning new technologies quickly and applying them effectively. Took a project from Figma design to a working web application. Currently expanding practical AI skills through AI:spire.

Swedish permanent resident

TECHNICAL SKILLS

Frontend: React, TypeScript, JavaScript, HTML5, CSS3, Tailwind CSS, Bootstrap

Backend & APIs: Node.js, Express.js, REST APIs, MongoDB, Python/Django

UI & design: Figma, responsive layouts, reusable components, forms, loading and error states

Workflow: Git, Bitbucket, Postman, agile/Scrum, code reviews

LANGUAGES

English - fluent
Chinese - native
Swedish - SVA Delkurs 4
Spanish - beginner

INTERESTS

Dancing, gym training and hiking.

YALI ZHANG

Fullstack Engineer

DEVELOPMENT EXPERIENCE

AI:spire Program

Accenture, Microsoft, Tent & Connecting Jobs
Stockholm | 21 Sep 2026 – Present

- Hands-on AI training with practical labs in AI agents and Microsoft Azure.

Full-stack Developer Intern | Molnify
Stockholm | Aug 2025 – Mar 2026

- Contributed to web application features using JavaScript and REST APIs, collaborating with frontend and backend developers in an agile team.
- Built responsive interfaces with Bootstrap and reusable components, improving UI consistency and usability.
- Used Git-based version control and participated in code reviews.

Frontend Developer Intern | Huisen Technology
China | May 2023 – Sep 2023

- Built responsive web interfaces using React, JavaScript and TypeScript.
- Translated Figma designs into reusable components, working with designers and backend developers on user-facing features.
- Refined layouts and interactions for usability and consistency across devices.

SELECTED PROJECTS

Medical System Website
Hyper Island course project
Created the original Figma design and implemented it as a working system. Owned layout, colour and typography decisions through frontend implementation.

Company website | Freelance frontend project
regnora.com

Other projects
React movie project | TypeScript snake game | Childhood Pinwheel

EDUCATION & DEVELOPMENT

Frontend Developer Programme
Hyper Island, Sweden | Aug 2024 – Mar 2026

System Developer, Python / IT Security
Lexicon Education, Sweden | Sep 2021 – Feb 2022

Bachelor of Engineering, Electronic Information Technology
Chengdu University of Technology, China | Aug 2001 – Jun 2005

Bachelor of Administration
University of Science and Technology of China | 2004. 3 – 2005. 7

ADDITIONAL EXPERIENCE
